

# Precision Tank Gauges

Rev 02.11.19

## Installation overview of FTI-101 AST Tank Gauge

Tank Send Unit mounted on 1/2" pipe nipple, supplied by FTI as an assembly, with wire harness, mounted to customer supplied riser assembly.

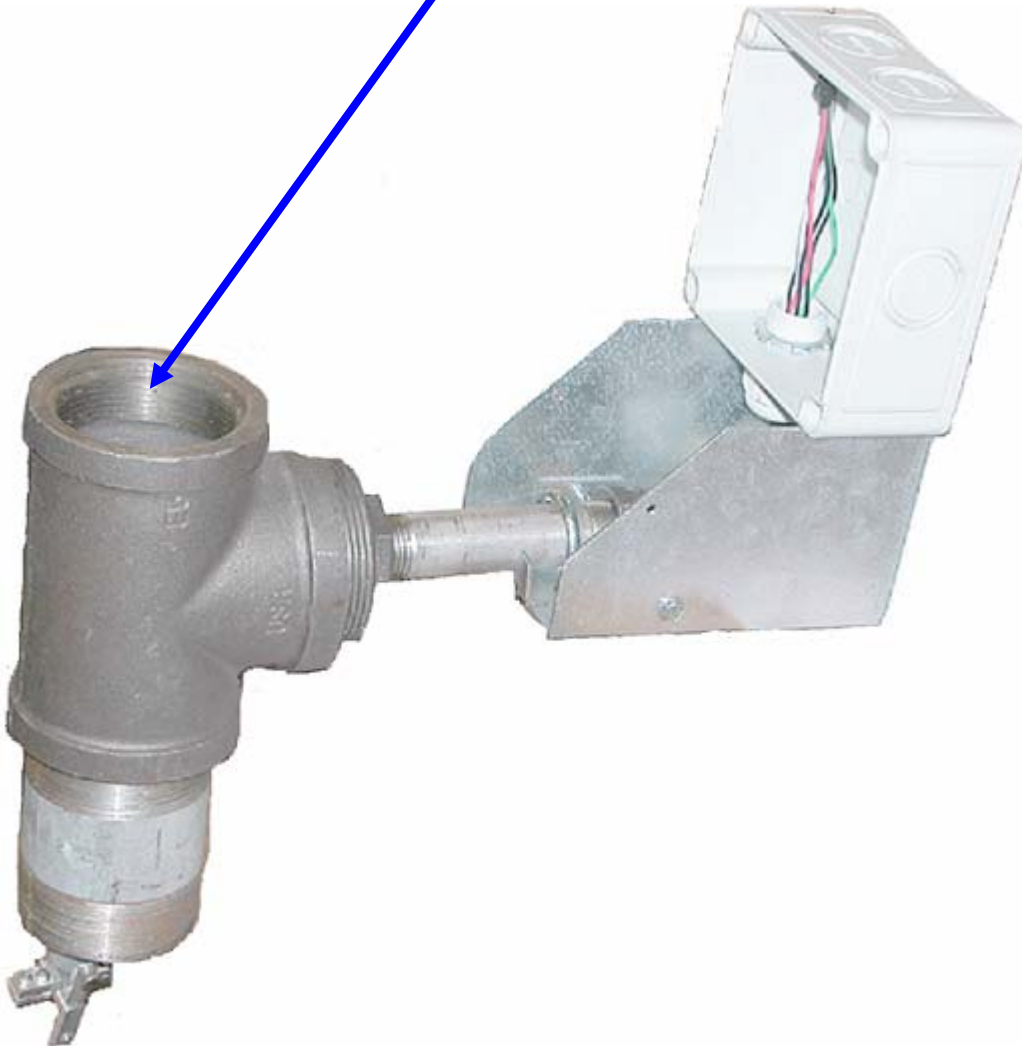

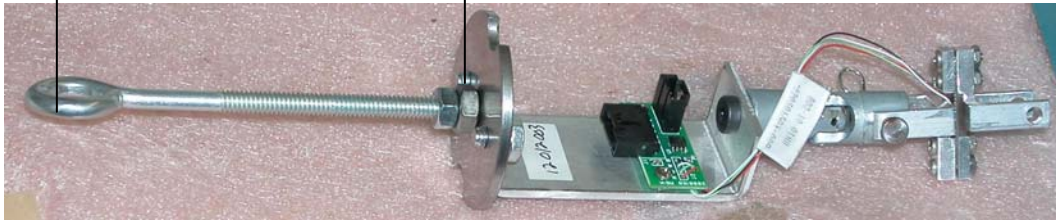

Customer supplies riser nipple, with pipe tee, with "X"x 1/2" reducer bushing on side outlet of tee, and "X" pipe plug for top of tee. FTI Hanger Assembly will mount down into tee from top, and Tank Send Unit on 1/2" nipple will mount into side outlet of tee. Do NOT mount Tee until Hanger Assembly is installed !

## Finally, a precision gauge for AST tanks!

Remove-able eye-bolt tool for installation and removal of hanger assembly

Hanger Assembly, mounts vertically, with Universal Joint at bottom, to suspend probe to.

## Finally, a precision gauge for AST tanks!
