

# FTI Monitor - LPG Tanks

FTI Monitor from FTI Technologies, Inc. enables you to monitor inventory levels of your domestic, commercial and bulk storage tanks from the convenience of your office computer. Accurate current tank level data offers several benefits over conventional delivery scheduling methods.

- \* Significantly increase routing & delivery efficiency
- \* Maximize fuel drops on every delivery
- \* Eliminate run-outs
- \* No more degree day guessing on erratic users
- \* Back office delivery system integration
- \* Reduce overall operating costs

- \* Transmitter intrinsically safe for Class 1, Division 1 Groups C and D
- \* Versatile transmitter installation for most LPG tank types with existing float gauge
  - No tank evacuation for installation
  - LPG consumer and industrial tanks
  - Agricultural Tanks

## Sentinel Software Sample report of low "fuel" accounts

Low Gas Levels								2/10/2004
Account	Name	Equipment#	Serial #	Reading	TXV	RXV	Problem	Date
066	Smith	01	A1003C	20	5.0	3.9	Low level	07/30/03 07:44
028	Central Florida Citrus Grower	01	A1002S	9	4.8	4.8	Low level	11/06/03 18:18
116	Mark Johnson	01	C30218	3	5.5	5.7	Low level	02/04/04 23:40
120	Stephen Neuman	01	A03043	4	5.7	5.0	Low level	02/05/04 01:42
124	Tri-city Cleaners	01	A03035	14	5.0	5.9	Low level	02/04/04 21:11
127	Addy's Florist	01	A03038	8	5.8	5.8	Low level	02/05/04 00:35
131	Lyle Greenburg	01	A03020	7	5.9	5.9	Low level	01/19/04 10:20

# FTI - Monitor LPG Tanks

## FTI - Monitor Ordering Part Numbers

Model	Description
FTI-SIS-R1	Single Receiver RT1, with Jr Gauge Transmitter for single tank applications
FTI-SIS-R2	Single Receiver RT2, with two (2) Jr Gauge Transmitters for multiple tank applications
FTI-SIS-R3	Single Receiver RT3, with three (3) Jr Gauge Transmitters for multiple tank applications
FTI-SIS-R4	Single Receiver RT4, with four (4) Jr Gauge Transmitters for multiple tank applications
FTI-SIS-R5	Single Receiver RT5, with five (5) Jr Gauge Transmitters for multiple tank applications
FTI-SEN-107	Cable Assembly for Programming Receiver for set up, when using laptop or PC instead of "Hand Held"
FTI HH Kit	Hand Held Programmer Kit for Receivers
